

**Creating With Wool - Landscape class by MJ Moffat  
experienced educator and felter**

***Needlefelting and wetfelting on a prefelt, I'll guide you in creating a beautiful landscape.***

Along the way, some of the many things we'll cover, include:

- composition and design principles
- ways to create a sense of depth
- which kind of wool is best for which landscape element
- easy way to transfer designs to the prefelt
- how to use a "resist" to make elements stand out from the surface
- adding surface embellishments
- how to get straight, smooth edges
- easy ways to hang or frame the original felt art you'll create.
- how much FUN it is to explore this ancient yet very modern medium

**When: Saturday September 8th, 2018 10am - 2:00pm**

**Where:** My brand new studio near Chambers and 23rd, full of all things felted --blinds, bowls,purses, hotpads, rugs, wall hangings, you get the idea...
